The following addresses those requirements for Security.

NO FOREIGN NATIONAL WILL BE EMPLOYED ON THIS GOVERNMENT CONTRACT.

"Each contractor employee shall comply with the HSPD-12 E-Verify Federal Acquisition Regulations FAR Clause 52.222-54 Employment Eligibility Verification"

All contractors, working within DoN Spaces must be entered into the Joint Personnel Adjudication System (JPAS), and then owned by their contracting company facility security officer (FSO). The receiving command Security Manager will then service those individuals in JPAS for tracking and monitoring of their investigation status.

If no previous investigation exists the contractor personnel shall complete the requirement for a NACLC.

NACLC's for positions of trust will be processed through the receiving command Security Manager.

Investigative requirements for DoN Contractor personnel requiring access to classified information are managed under the National Industrial Security Program (NISP). Requests for investigation of contractor personnel for security clearance eligibility are processed by the Office of Personnel Management (OPM) and adjudicated by Defense Industrial Security Clearance Office (DISCO). When Sensitive Compartmented Information (SCI) access is at issue, the **Department of the Navy Central Adjudication Facility** (DoNCAF) is the adjudicative authority for all DoN Contractor personnel requiring SCI access eligibility.

The Contractor shall ensure that a complete security package, (SF-85, SF-85P, SF-86 and FD258 2 copies) are submitted to the Command Security Officer receiving the contracted services in order for the Security Officer to conduct a suitability review of the submitted investigative forms.

The Contractor FSO or security representative shall ensure that individuals assigned to the command are U.S. citizens and will ensure completion of the SF-85P or SF-86. The SF-85P or SF-86 along with the original signed release statements and two applicant fingerprint cards (FD 258) will be forwarded to the receiving command Security Manager at least one week prior to reporting for duty.

Personnel cannot be properly processed and provided system access prior to their reporting date without receiving the investigative paperwork one week prior.

For contracts requiring a position of trust the Command Security Officer will submit the forms for a position of trust. For classified contracts the contractor FSO will submit the SF-86 to OPM for processing and eventual adjudication by DISCO.

The completed SF-85P or SF-86 will be reviewed by the receiving command Security Manager for completeness, accuracy and suitability prior to the submission. If the contractor appears suitable after the questionnaire has been reviewed, the request will be forwarded to OPM.

The completed SF-85P or SF-86 along with attachments will be forwarded to the Office of Personnel Management (OPM) who will conduct the NACI investigation or equivalent. All contract personnel will in-process with the receiving command Security Manager and Information Assurance Manager upon arrival to the command and will out-process prior to their departure.

Please note: When processing a Questionnaire for National Security Positions, the applicants can only access the e-QIP system if they have been instructed to do so by an appropriate official at sponsoring agency. Individuals cannot pre-apply for a security clearance, nor update their security questionnaire, unless granted access by an appropriate agency official. The e-QIP software can be accessed at the Office of Personnel Management (OPM) website <http://www.opm.gov/e-qip/index.asp> or <http://www.dss.mil> the contractor shall provide the completed Questionnaire for Public Trust Positions, or Questionnaire for National Security Positions with the original signed release statements and two applicant fingerprint cards (FD 258) to the receiving command Security Manager for suitability determination. The receiving command Security Manager will review the form for completeness, accuracy and suitability issues, and forward to OPM as detailed on the OPM website. Applicants can obtain an SF-86 or SF-85P by visiting the Office of Personnel Management (OPM) website located at: <http://www.opm.gov/forms/html/sf.asp>. The responsibility for providing the fingerprint cards rests with the contractor.

The Department of the Navy Central Adjudication Facility will provide the completed investigation to the receiving command Security Manager for the determination in cases where a favorable determination cannot be reached due to the discovery of potentially derogatory information. The command will provide written notification to the contractor advising whether or not the contractor employee will be admitted to command areas or be provided access to unclassified but sensitive business information. Determinations are the sole prerogative of the commanding officer of the sponsor activity. If the commanding officer determines, upon review of the investigation, that allowing a person to perform certain duties or access to certain areas, would pose an unacceptable risk, that decision is final. No due process procedures are required.

The contractor employee shall take all lawful steps available to ensure that information provided or generated pursuant to this arrangement is protected from further disclosure unless the agency provides written consent to such disclosure. Security clearance requirements are defined in the DD-254 of the basic contract for those contracts that will require employees to handle classified information.

The FSO will ensure that the SAAR-N is forwarded to the receiving command Security Manager for receipt at least one week prior to the start date for the individual.

"ALL AUTHORIZED USERS OF DoD INFORMATION SYSTEMS SHALL RECEIVE INITIAL INFORMATION ASSURANCE IA ORIENTATION AS A CONDITION OF ACCESS AND THEREAFTER MUST COMPLETE ANNUAL IA REFRESHER AWARENESS TRAINING TO MAINTAIN AN ACTIVE USER ACCOUNT."

Pre-employment Clearance Action: Employees requiring access to classified information, upon reporting to their position, will be read into access by the local command security representative. A local classified material handling indoctrination will take place at that time.

18.0 PERSONNEL CONDUCT: The selection, assignment, reassignment, transfer, supervision, management, and control of contractor personnel employed to perform tasks specified herein shall be the responsibility of the contractor. The contractor shall be responsible for the performance and conduct of contractor and subcontractor employees at all times. Personnel employed by the contractor in the performance of this contract, or any representative of the contractor entering the installation shall abide by the security regulations listed in the contract and shall be subject to such checks by the Government as deemed necessary. The contractor shall not employ for performance under this contract any person whose employment would result in a conflict of interest with the Government's standards of conduct.

19.0 PERSONNEL REMOVAL: Government rules, regulations, laws, directives, and requirements that are issued during the term of the performance period relating to law and order, installation administration, and security shall be applicable to all contractor employees and representatives who enter the installation. Violation of such rules, regulations, laws, directives, or requirements shall be grounds for removal (permanently or temporarily as the Government determines) from the work site or installation. Removal of employees does not relieve the contractor from the responsibility for the work defined in this contract. The contractor is expected to provide support services despite personnel removal or other unforeseen condition.

- **Removal by Installation Commander:** The Installation Commander may, at his discretion, bar an individual from the installation under the authority of 18 USC 1382 (1972), for conduct that is determined to be contrary to good order, discipline, or installation security and safety.
- **Removal Requested by COR:** The COR may require the contractor to remove an employee working under this contract for reasons of misconduct or security violations. Contractor employees shall be subject to dismissal from the premises upon determination by the COR that such action is necessary in the interest of the Government.
- **Removal by Military Police:** Contractor employees may be denied entry to or may be removed from the installation by Military Police if it is determined that the employee's presence on the installation may be contrary to good order, discipline, or installation security and safety.

area where any service or maintenance work is being performed. In the event the contractor believes that Government and other contractor personnel are interfering with the performance of the tasks described in this PWS, the contractor shall notify the COR immediately. The contractor is obligated to continue performance of the effort described in this contract unless there is authorization from the KO or COR to stop work. Failure by the contractor to notify the COR and receive necessary instructions could result in denial of any additional costs incurred in performance of the contract under such conditions. Other Government contractor's may be performing required services in areas that interrelate with the requirements of this contract. The Government will facilitate initial contact between contractor's performing other contracts and this contract. The contractor shall provide all further required coordination between other contractor's for any task specified in this contract that relates to or impacts on any other contracted work.

21.0 SAFETY: The contractor is solely responsible for compliance of all safety regulations of employees while working on government owned facilities. The Contractor shall apply established safety regulations and practices to minimize minor violations and to avoid major violations due to employee error or negligence. All accidents which may arise out of, or in connection with, performance of services required hereunder which result in injury, death, or property damage, shall be reported in writing to the Contracting Officer and cognizant Contracting Officer Representative (COR) within twenty-four hours of such occurrence. Reports shall provide full details of the accident, including statements from witnesses. The fore-going procedures shall also apply to any claim made by a third party against the contractor as a result of any accident that occurs in connection with performance under this contract. The contractor shall take precautions, as required, to ensure accident-free performance while protecting material from damage and loss. Government fire and safety personnel shall have the express right to inspect the contractors operation for safety/fire violations at any time during the term of the contract. All safety/fire violations will be promptly reported to the COR for further actions. Contractor personnel must be knowledgeable of requirements outlined in these instructions and act accordingly upon notification of storm conditions warning from the DGR.

22.0 DELIVERABLES: Management/Quality Control Plan (QCP): The contractor shall ensure quality service is maintained to perform services throughout the life of the contract and methods for improving the overall quality are also employed. Offerors shall therefore prepare and submit a management/quality control plan. The final Government approved plan shall be submitted within five working days of contract start date. The plan shall discuss the Contractor's overall approach and procedures for evaluating each of the major service areas contained in the PWS, communicating with the Government, resolving deficiencies, identifying potential improvements, and managing day to day operations. As part of the management/QCP, the contractor may conduct internal QC inspections. Results of any contractor internal QC inspections and corrective actions taken shall be made available to the Government for review throughout the performance of this PWS. The Government may periodically require the contractor to update/revise the management/QCP to ensure quality service is maintained throughout the life of the contract.

23.0 MEETINGS AND BRIEFINGS: When requested by the COR, the contractor shall attend, participate in and furnish input to scheduled and unscheduled meetings, conferences, and briefings. Frequency may be weekly, monthly, or as otherwise required.

- **Monthly Meetings:** The contractor shall meet with the COR, and the Government Quality Assurance Evaluator (QAE) on a monthly basis to review contract performance. Meetings shall include review and analyses of key process indicators, analyses of process deficiencies, and problem resolution. At these meetings, the COR and the contractor will discuss the contractor's performance as viewed by the Government and problems, if any, being experienced. The contractor shall take appropriate action to resolve outstanding issues. A mutual effort shall be made by the contractor and COR to resolve any and all problems identified.

- **Meeting Attendees:** Meeting attendees shall include contractor managerial, supervisory, and/or other personnel knowledgeable of the subject matter.
- **Reporting Requirements:** When the contractor is the sole representative on behalf of the Government at meetings or conferences, the contractor shall deliver a related report to the DGR within two working days after meeting completion. The report shall include identifying information, general observations and conclusions or recommended actions, and any additional information, such as handouts.

24.0 GOVERNMENT MANAGEMENT OVERSIGHT: Government management will provide general instructions on limitations and deadlines. Additional instructions will be provided for any unusual assignments or those that vary from established procedures. The contractor's employees will independently carry out the assignments. Completed work will be spot-checked by Government management for adherence to procedures, accuracy and completeness. The government reserves the right to require the Contractor to remove and replace any personnel who provide unsatisfactory performance, demonstrate insufficient knowledge, or possess inadequate skill levels necessary to complete assigned tasks.

CLAUSES INCORPORATED BY FULL TEXT

52.203-17 CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (APR 2014)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

(End of clause)

52.209-2 PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-- REPRESENTATION (NOV 2015)

(a) Definitions. Inverted domestic corporation and subsidiary have the meaning given in the clause of this contract entitled Prohibition on Contracting with Inverted Domestic Corporations (52.209-10).

(b) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-2(b) applies or the requirement is waived in accordance with the procedures at 9.108-4.

(c) Representation. The Offeror represents that--

(1) It [____] is, [____] is not an inverted domestic corporation; and

(2) It [____] is, [____] is not a subsidiary of an inverted domestic corporation.

(End of provision)

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (OCT 2015)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that--

(i) The Offeror and/or any of its Principals--

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is

in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation. The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://fedgov.dnb.com/webform>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The offeror should indicate that it is an offeror for a Government contract when contacting the local Dun and Bradstreet office.

(k) System for Award Management. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. 52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

EVALUATION CRITERIA

The Government will place a contract resulting from this solicitation to the responsible Offeror whose quote conforming to the solicitation is the lowest price technically acceptable quote. Non-price factors will be evaluated on an acceptable or unacceptable basis. To be considered technically acceptable, a quote must receive a rating of "acceptable" for **each** non-price factor.

Factor 1: Technical Approach

Staffing Plan/Security Requirements

The Offeror shall provide the Government a staffing plan that includes a labor mix (labor category and number of personnel) that meets and can accomplish the requirements set forth in the performance work statement. The Offeror shall provide the labor category or categories that they intend to utilize during the performance of this contract and utilize the Labor Category Table given in provision 52.212-1. Such labor categories shall be within the scope of the Service Contract Act. The proposed labor category or categories shall be evaluated to determine sufficiency in knowledge and skills required to successfully complete the tasks in the PWS. The labor category or categories shall be evaluated utilizing the current Department of Labor Service Contract Act Directory of Occupations. The staffing

level the Offeror proposes shall be sufficient to successfully accomplish the required tasks with minimal risk. The Offeror shall complete the attached DD254, Department of Defense Contract Security Classification Specification (Blocks 6 a, b, c) in order to demonstrate that they have the required CONFIDENTIAL Facility Clearance needed to be awarded the contract. This form will be submitted with their staffing plan.

The following adjectival ratings apply to Staffing Plan/Security Requirements:

Acceptable: The Offeror has provided a staffing plan that provides a labor category or categories that are sufficient in meeting the requirements in the PWS. The Offeror has proposed a sufficient number of personnel to complete the tasking required in the PWS. The staffing plan proposed provides minimal risk in performance completion. Both labor category or categories and number of personnel proposed are determined acceptable. The Offeror has submitted the Labor Category Table. The information on the DD254 verifies that the Offeror has a CONFIDENTIAL Facility Clearance and is confirmed by the security manager named on the DD254.

Unacceptable: The Offeror has not provided a labor category or categories that clearly meet the knowledge and skills required under the labor category descriptions. The number of personnel proposed is not sufficient in meeting the requirements of the PWS. The Offeror has not proposed an acceptable labor category or categories or acceptable staffing level. The Offeror has not submitted the Labor Category Table. The Offeror has not provided or filled in appropriately the DD254 with the necessary information or the security manager cannot confirm the Offeror holds a CONFIDENTIAL Facility Clearance.

Factor 2: Price Quote

Pricing shall be firm-fixed pricing and include all labor, material, and consumables required to perform the work listed in the performance work statement. Quotes shall return a fully executed SF 1449 Schedule to include a unit price and total extended price for all CLINs listed in the solicitation. The price proposal shall be submitted as a separate file. In addition, the Offeror shall complete and include the Labor Category Table given in the solicitation under provision 52.212-1. Unburdened Labor Rates shall comply with the Service Contract Act Wage Determination. Pricing will be evaluated based on total price provided in a fully completed price proposal.

Offerors meeting or exceeding the acceptability standards for non-cost factors, will be evaluated on price. Award will be made to the responsible offeror with the lowest evaluated price. An offeror is considered responsible if they satisfy the general responsibility standards of FAR 9.104-1.

Failure to furnish the price quote in accordance with the instructions above shall render the quote unacceptable.

The Contracting Officer may either make a responsibility determination without requesting any information from an Offeror or require the Offeror provide information to substantiate that it satisfies the general responsibility standards of FAR 9.104-1. The particular information requested from an Offeror will be specific to that Offeror. For example, an Offeror that the Contracting Officer is less familiar with may be required to provide information not required from another Offeror. The Contracting Officer may consider an Offeror's inability to promptly respond to a request for information as an indication the Offeror is nonresponsible since FAR 9.103(c) obligates prospective Contractors to affirmatively demonstrate their responsibility.

When the Contracting Officer requests responsibility information, the Contracting Officer's request, the Offeror's response, and all related communications between the Government and Offeror are solely for the purpose of determining whether the Offeror is responsible. These communications will not constitute discussions within the meaning of FAR 15.306 since the Offeror will not be given an opportunity to revise its proposal.

While the Contracting Officer may require the Offeror to provide any information related to the standards at FAR 9.104-1, the following are examples of information that may be required:

1. A demonstration, through information such as bank references and financial information (e.g., most current annual balance sheet), that the Offeror has adequate financial resources to perform the contract.

2. A demonstration the Offeror's price is not so low as to call into question the Offeror's capability to successfully perform the contract.
3. Contractors shall have a satisfactory performance record. A prospective Contractor shall not be determined responsible or non-responsible solely on the basis of a lack of relevant performance history in accordance with FAR 9.104-1 (c).
4. A demonstration the Offeror can comply with the required performance schedule, including a transition plan.
5. A demonstration the Offeror has, or can obtain, the organizational, management and technical skills to successfully perform. This demonstration may involve the particular personnel and approaches available to the Offeror.
6. The Offeror's quality assurance procedures.
7. The equipment and facilities the Contractor will use.
8. Contractors shall have a satisfactory record of integrity and business ethics in accordance with FAR 9.104-1(d).
9. Completion of the Representations and Certifications under 52.212-3 Alt I contained in this solicitation.
10. A demonstration the Offeror isn't an inverted domestic corporation.
11. A demonstration the Offeror has all registrations, permits and licenses required to perform the contract in the locations for which the Offeror is proposing.
12. In the event the Offeror is a joint venture, a Memorandum of Association which indicates who has the authority to bind the company.

Nothing in this provision limits the Contracting Officer's discretion to rely on information available from other sources (e.g., past performance data bases, discussions with other entities familiar with the Offeror) or to use any other technique described FAR 9.1 when determining whether the Offeror satisfies the FAR 9.104-1 general responsibility standards.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirements. All options prices will be considered in the award evaluation criteria including the additional six month period covered by FAR 52.217-8. The pricing used for the option under FAR 52.217-8 will be based on one-half of the previous option year pricing. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that --

(1) The offeror and/or any of its principals (____) are, (____) are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency,

(2) (____) Have, (____) have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) (____) Are, (____) are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) (____) Have, (____) have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

5252.204-9400 Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information (July 2013)

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 – “DoD Implementation of Homeland Security Presidential Directive – 12 (HSPD-12)” dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

APPLICABILITY

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Navy Command’s Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual’s performance under the contract.

ACCESS TO DOD IT SYSTEMS

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity’s Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee’s duties, such employees shall in-process with the Navy Command’s Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual’s performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the “supervisor”.

The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLIC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLIC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The

Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's Information Assurance Manager. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Navy Command Security Manager. The Navy Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM). Suitability/security issues identified by the Navy may render the contractor employee ineligible for the assignment. An unfavorable determination made by the Navy is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Navy Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DON Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

5252.243-9400 Authorized Changes Only By The Contracting Officer (Jan 1992)

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicate with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is:

NAME: CONTRACTING OFFICER

ADDRESS: BLDG 110 YORKTOWN AVE, NAS JACKSONVILLE, 32212

TELEPHONE: 904-542-0646
